**READING AGM MINUTES USING  
APPLE PRODUCTS**

---

Dear Citadel Point Owners:

If you are using an Apple mobile device, and having trouble opening the Annual General Meeting minutes, please see the attached:

In short, Apple product users need to allow pop-ups, and know how to access downloaded documents.

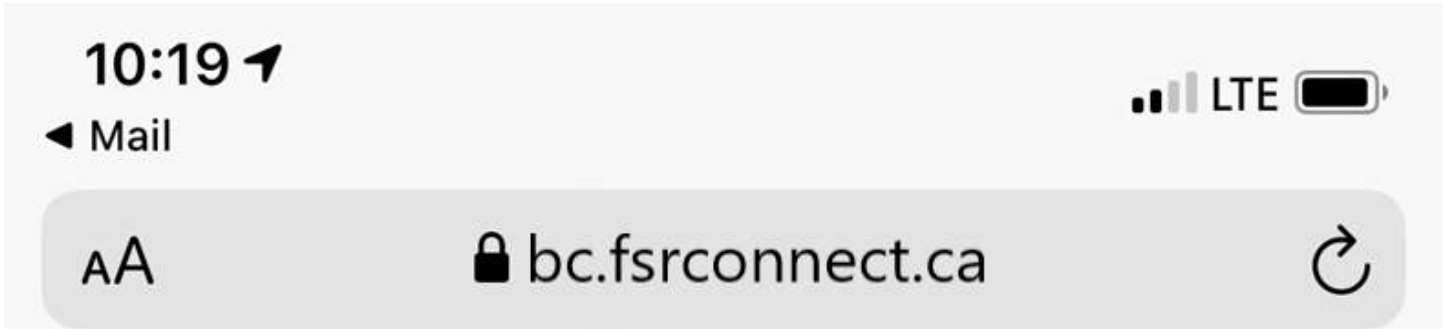

Anyone who may still be having issues with this may contact [connect.bc@fsresidential.com](mailto:connect.bc@fsresidential.com) for further assistance.

**Thank you for your understanding.**

Enclosure

A recent iOS update has changed the way the Safari browser handles file downloads. After electing to download the file, a blue arrow icon in the upper right corner of Safari appears which allows the resident to tap and view the downloaded document. Please see sample screenshots below for reference. When there is more than one file to download or a zip file is involved, Safari may place them in the "Files" app on the device.
